SITUATION REPORT: POLAND

We received no information overnight about new strikes and cannot confirm a Solidarity report, carried by the French AFP, that fifteen strikers were killed last week in Wroclaw when security forces stormed a railroad car factory.

25X1

Poland's military rulers continue their efforts to restrict contacts between Polish citizens and the U.S. embassy. The militia on Sunday interrogated a longtime contact of the embassy and warned him to stop his relations with embassy personnel. Even though the individual said he told the militia he was not going to change his ways, he conceded to an embassy officer that further contact should await the lifting of martial law.

Polish radio yesterday said that former ambassador to the US, Spasowski, has committed serious crimes against the fundamental interests of the state and that the Foreign Minister

25X1 had asked the chief military prosecutor to institute criminal proceedings. [REDACTED]

Reports from Poland continue to emphasize the disparity of the roles of the military and other security forces in administering martial law. [REDACTED]
